

Student Application

FOAM Take-a-Kid Fishing Program

I am applying to represent Sleeping Giant Middle School and the Livingston community in the Take-a-Kid Fishing Program that includes fly fishing float trip on the Yellowstone River. As a way to pay back the community for sponsoring me in the Take-a-Kid Fishing Program, I will also help in the community with two projects: The Trout Unlimited river clean-up, and the restoration of the stencils along the streets in Livingston (Drains to stream ... dump NO waste). Additionally, I am required to gain signatures from five teachers who would recommend me for this program based on my grades, attendance, work ethic and behavior. Would you recommend me as a candidate?

1. Five teachers signatures of recommendation

1 _____

2 _____

3 _____

4 _____

5 _____

2. Date of completion of Matt Wilhelm Fly fishing course.

3. Community involvement that is associated with environment (ie. TU River/Stream Clean-up, waste-water project, Fleishman Creek Restoration Project, etc.)

FOAM is sponsoring young students to float down the Yellowstone River with a licensed, insured fly fishing outfitter or guide. These students will fly fish for trout and learn about our fishery. Rods, reels, flies, lifejackets, and Montana fishing licenses will be included. Food will be provided by the Pickle Barrel of Livingston. Each student will receive and FOAM long-sleeve T-shirt.

Transportation to/from the access points will be coordinated with parents/teachers or volunteers. Trip will last 4-5 hours on May 28th.

For extra credit, you may write a small essay about: "Why fisheries/waterways are important to the Livingston community and Montana".

Acknowledgment of Risk form will also be required to sign

Please bring the following; warm clothes, raincoat, hat & sunglasses, lifejacket. If you do not have a life jacket one will be provided.
